1. As a student in the Dublin Unified School District, what privileges and experiences have shaped your perspective and character? Whether it's your role as a student leader, an athlete, or a member of a performing arts group, describe your position in the community and how it has impacted you.
2. What steps have you taken to make your community and school a better place? Describe any past leadership roles, experiences, and skills you possess that will make you a strong candidate for the Student Board Advisory Council.
3. Why do you think it's important to be actively aware and engaged in the current events in your school and community? If you witnessed something unjust consistently happening on your school campus, what would be your reaction and the steps you would take to resolve the issue?
4. The School Board Advisory Council will consist of students from different age groups and schools; each reflecting diverse opinions and ideas. In order to effectively work together, it's important that all ideas presented are treated with equal respect. In a scenario where you disagree with a comment another member made, how will you handle the situation maturely so that it ensures maximum efficiency for the entire team?
