Dublin Unified School District is pleased to announce that we have teamed with YumYummi to bring our school district a new menu system. This on-line, digital, interactive menu system can be downloaded to any smart phone or android device. It can also be viewed on any desktop or laptop computer by going to <http://dusd.yumyummi.com/>, or by clicking the QR Square above. Students and Parents can now:

1. Make informed decisions about their school lunch choices
2. Filter by nutrition and allergen content
3. Vote on, and send feedback to their school about their favorite dishes
4. Participate in food taste surveys and have a voice in future menu designs

We invite everyone to download this App today!
