

# PATTERSON Tile

## Update your home and support DHS Athletics

Scott Patterson, DHS parent and owner of Patterson Tile, would like to extend a generous offer to all DHS families and friends. If you mention that you are a DHS family, or were referred by a DHS family, Scott will donate 5% of his profit for completed work on your home to DHS Athletics. What's more, you may choose which DHS sport you'd like the 5% designated to. If you have no preference, it will be applied where funds are most needed.

Scott is fully licensed and has served the East Bay Area for over 30 years; his experience in quality tile and natural stone work has earned him an excellent reputation in his field.

Scott is proud to offer and install high quality mortar-set application, using all types of tile and natural stone. His workmanship is not only unique and beautiful, it lasts a lifetime.

Whether your style is contemporary or classic, Patterson Tile has the perfect collection for your home.

Please contact Scott Patterson today, and be sure to mention that you are a DHS family or have been referred by a DHS family . . . you'll not only be improving the beauty and value of your home, you'll be supporting our DHS athletic programs!
