

# **Wells School Site Council Meeting Minutes**

**April 11<sup>th</sup>, 2017**

**Staff Lounge at 3:30**

Ean Ainsworth, Lorin Benson, Ashley Courtney, Chandrani Deb, Carson Merrick, Zoe Zannis, Rajilazmi Guhagarkar, and Merry Dionne were present. The meeting started at 3:33pm.

Ean Started talking about 2 lunches next year. He had a meeting with Maria and Frank to see if we can manage 2 lunches and we can. It is a supervision issue. 2 lunches will alleviate the challenge of supervising 1000 students. We are looking at the bell schedule. Lorin commented that we in our recent history we moved to 1 lunch. Chandrani inquired which period they might take place. Ean said 4<sup>th</sup> and 5<sup>th</sup> period most likely. We will have 6<sup>th</sup> grade and part of 7<sup>th</sup> grade in one lunch and the rest of the 7<sup>th</sup> grade and all of 8<sup>th</sup> grade in the other lunch. The 8<sup>th</sup> grade lunch will probably be first because those students start in 0 period. Ashley asked about a possible noise issue. Lorin said that noise was not an issue in the past. Ean said we will work out the details. Zoe asked if this means there might be less students in the classrooms. Ean said he wasn't sure if this would happen but that maybe PE would be limited.

2017 CAASPP – It is taking place the first 2 weeks of May. Math is the first week and English/History is the second week. We are moving to a block schedule for those 2 weeks to accommodate testing.

SPSA – We reviewed data that would impact on how we write our goals. The data we are looking at is from the 2014-15 school year. There will be an update to the data soon. The data should be very different in a positive way. We want to concentrate on our English Learners and Special Ed to close the gap from the other population. Goal 1 had a change. Goal 2 targets the sub groups Special Ed and ELL. The strategies to be used are AVID, GLAD Universal Access etc. Goal 3 was simplified. This is not a major update but more to align with the California Dashboard. Ean will send out updates in the next week or two.

Next meeting we will vote to approve the Single Plan.

Meeting Adjourned 3:57.
