For ANY campus you can contact Undergraduate Admissions and request a tour of the school. Some schools have set preview days that they have already announced (listed above.) To register for the preview days above, get on the school’s website to pre-register.
College application help at DHS:

• “Drop in” help on Tuesdays 7th period and Wednesdays at lunch for quick questions will take place from September 26th - November 29th. Students will come into Counseling and ask to see the available counselor(s). They should come with prepared questions.
• For college application reviews, students will sign up online to see their counselor. They should come with their logins, having entered all pertinent information in their applications.
• For essay reviews, they should either print out or share their documents with their counselor.
• Please be aware that counselors are working with large groups of students, so being proactive and signing up early (NOT near the application deadline) is essential.

All seniors were sent a Senior Planner on their Infinite Campus portal with important dates and this is also posted on our Dublin High School Counseling page under Senior Information. In addition, information for students is posted on the Counseling Department Twitter and Facebook pages. Please follow us at the following:
