

4th Grade Supply List 20-21

Dear 4th Grade Families,

Many of the items on our usual supply list are not needed until we physically return to the classroom. For that reason we are asking for only a few basics at this time. There are additional supplies listed below that are needed to complete the Mystery Science lessons. Many of these things you will already have in your home (Ziplock bag and spoon) but others you will likely need to purchase so that your child can complete the lessons (magnifier). Having all of the below items will get your 4th grader through the first 2 units of the science curriculum. Thank you for your support.

The 4th grade Team

- Pencils
- Erasers (Staedtler white plastic)
- Composition book or spiral notebook
- Dixie cups (or any small cup)
- Flour
- Paper plates (4)
- Spoon
- 2 Plastic straws (not bendable)
- Ziplock bag
- Red food coloring (optional)
- Markers
- Colored pencils
- Clear plastic food storage containers (see example [here](#))
- 5 sugar cubes
- Glue sticks
- Ruler
- Scissors
- 3 dot stickers (tape works!)
- Two 3x5 index cards
- 2 small or medium paper clips
- String
- 1 credit card sized magnifier 3x (see example [here](#))
