## **CORE VALUES**

### **We believe...**

- ◇ Our most important goal is to maximize learning for every student.
- ◇ Every student deserves the best possible educational experience.
- ◇ Professional learning communities are essential for continuous improvement of student learning.
- ◇ Our most valuable resource is the skills, knowledge, and experience of our teachers, support staff and administrators.

## **MISSION**

Our mission is to ensure that every student becomes a lifelong learner by providing a 21<sup>st</sup> century education that prepares him/her for college and career or service to our country and for success in the global economy.

## **PHILOSOPHY**

It is the intent of the Dublin Unified School District (“District”) to provide all students with a learning environment in which optimum learning can take place. Parents and students are a key part of that environment. Those who obey rules, respect others and take responsibility for their actions, assist the District in establishing a secure climate so that all students may learn. All stakeholders play a key role in the development of a professional learning community.

The District believes it is essential that public schools prepare youth for productive and effective citizenship by helping each student respect law and order, and assume his/her responsibilities as a citizen. Each student should learn that he/she has freedom of choice and action, so long as that action does not infringe on the rights of others.

This District-wide Code of Conduct is to be read in conjunction with school rules. Its purpose is to inform students and parents about unacceptable behaviors and the consequences for those behaviors. The District asks that parents recognize the importance of school regulations and assist the District in their enforcement. By becoming familiar with this Code of Conduct, students may also learn to make intelligent choices. Students who engage in violations of the Student Code of Conduct will be subject to the appropriate consequences.

**I.**  
**RESPONSIBILITIES AND EXPECTATIONS**

**A. STUDENT RESPONSIBILITIES AND EXPECTATIONS**

Students are required by law to attend school from the age of six to eighteen. Daily school attendance is required unless the student is sick or legally excused. Students are also required to participate actively in the educational process. Students must comply with all school rules, pursue their required course of study, and submit to the authority of teachers of the school. Perhaps most importantly, students are expected to take primary responsibility for their own behavior. [Education Code § 35181; Education Code § 48908; Title 5, California Code of Regulations §300.]

**B. DISTRICT STAFF RESPONSIBILITIES**

To maintain and encourage acceptable standards of student behavior, District personnel shall provide good examples for students in real life. District personnel shall:

- Establish an atmosphere in which productive learning can take place.
- Establish an atmosphere of mutual respect.
- Teach the District standards of behavior as outlined in the Student Code of Conduct.
- Identify the causes of student misconduct.
- Find constructive methods of preventing and controlling such misconduct.
- Consistently and fairly apply classroom, school and District rules.
- Communicate regularly with students and parents regarding the student's academic progress and behavior.

[Title 5, California Code of Regulations §5530; Education Code § 44807.]

**C. PARENT RESPONSIBILITIES**

Parents are responsible for sending the student to school daily and ensuring that he/she arrives on time. Additional responsibilities include:

- Acknowledge/accept that the school and the Board of Education have the right and the responsibility to maintain standards for all students.

- Cooperate with school staff in helping students with academic, discipline or attendance problems.
- Instill in the student an attitude that school is important.

#### **D. DUE PROCESS AND THE RIGHT TO APPEAL**

No student will be suspended or expelled without due process. As an added safeguard, a student and his/her parent/guardian has the right to request an appeal regarding the discipline imposed. Dublin Unified School District Policy 5144.1 and Administrative Regulation 5144.1 set forth a complete explanation of the procedures for suspension, expulsion and appeals.

#### **E. BULLYING/CYBERBULLYING**

The Board desires to prevent bullying by establishing a positive, collaborative school climate and clear rules for student conduct. The district shall provide students instruction, in the classroom or other educational settings that promotes communication, social skills, and assertiveness skills and that educates students about appropriate online behavior and strategies to prevent and respond to bullying and cyberbullying. This instruction may involve parents/guardians, staff, and community members.

Students may submit a verbal or written complaint of conduct they consider to be bullying to a teacher or administrator and may also request that their name be kept in confidence. The Superintendent or designee may establish other processes for students to submit anonymous reports of bullying. Complaints of bullying or harassment shall be investigated and resolved in accordance with site-level grievance procedures specified in BP 5131.2 and AR 5145.7 – Sexual Harassment.

When a student is suspected of or reported to be using electronic or digital communications to engage in cyberbullying against other students or staff or to threaten district property, the investigation shall include documentation of the activity, identification of the source, and a determination of the impact or potential impact on school activity or school attendance. Students shall be encouraged to save and print any messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

Any student who engages in cyberbullying using district-owned equipment on school premises or off campus in a manner that impacts a school activity or school attendance shall be subject to discipline in accordance with district policies and regulations. If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Superintendent or designee also may file a complaint with the Internet site or service to have the material removed.

## II.

### CONDUCT CODE VIOLATIONS AND CONSEQUENCES

#### A. DEFINITION OF STUDENT MISCONDUCT

A student may be suspended and/or expelled for any of the reasons set forth in the California Education Code. At the current time, this includes the categories of behavior set forth in Education Code sections 48900 and 48915, plus those described in 48900.2, 48900.3, 48900.4, 48900.5 and 48900.7. To assist students in modeling appropriate behavior, District staff have prepared this Student Conduct Code which lists various types of inappropriate behavior. It is not, however, the intent of the District that the Student Conduct Code define in detail every possible situation which may warrant disciplinary action nor to list every possible consequence. The District will proceed with disciplinary action permitted by the Education Code for misconduct even if it is not specifically listed in this Student Conduct Code.

#### B. “RELATED TO SCHOOL ACTIVITY OR SCHOOL ATTENDANCE”

A student will not be suspended or expelled unless his or her conduct is related to school activity or school attendance. Conduct related to school activity or attendance may occur at any time and include, by way of illustration and not limitation:

- While on school grounds.
- While going to or coming from school.
- During the lunch period whether on or off the campus, or while going to or coming from an off-campus lunch site.
- During, or while going to or coming from, a school-sponsored activity.

#### C. TYPICAL DISCIPLINARY ACTIONS

Students of the Dublin Unified School District are required to follow and comply with school and District conduct rules. If a student chooses to break the rules, he/she will be subject to various consequences.

A list of typical disciplinary actions which may result from a student’s breach of school regulations is listed below. The actual action taken by the District may vary from the list

below and the level of discipline imposed will depend on the frequency and seriousness of the violation.

**1. Parent Conference**

A parent/teacher/principal conference may be required to discuss the student's behavior and/or to reach an agreement on the student's behavior.

**2. Detention**

A student may be assigned to a supervised area for a specific period of time before or after school or on a Saturday.

**3. Counseling or Referral to Community Program**

A student may be referred to counseling services to discuss problems including, but not limited to: anger management, drug/alcohol use/abuse, personal issues that prevent him/her from being successful in school, depression, etc. (Education Code §48900(v).) Any fees for counseling services will be the parent's responsibility.

**4. Loss of Privileges**

A student's participation in school activities such as games, dances, field trips, et cetera, may be limited.

**5. Weekend School**

A student may be required to attend class on a Friday night or Saturday for repeated unexcused absences from class(es) or for other infractions.

**6. Community Service on School Grounds**

A student may be required to perform community service on school grounds during non-school hours. This may include outdoor beautification, campus betterment and teacher or peer assistance programs. (Education Code 48900.6)

**7. Behavior Contract**

The District may enter into an agreement with the student wherein he/she agrees to comply with the conditions contained in the contract, and the school rules. The student agrees to refrain from committing the same violation and/or breaking other school regulations. This contract may be in addition to a suspension and/or expulsion and/or in lieu of such actions.

**8. In-School Suspension**

A student may be assigned to a supervised suspension classroom separated from other students at the school site for the period of the suspension.

**9. At-Home Suspension**

A student may be suspended from attending regular classes and prohibited from attending school, participating in school activities, and being on school grounds for a period of time.

**10. Expulsion**

Typically, student expulsions are a last resort after other actions have been tried. In certain situations, however, expulsion is appropriate, or may be required by law, on the first offense. A student may be expelled from all schools in the District and removed from the immediate supervision and control of school personnel. The student would be prohibited from being on school grounds. This is a formal process conducted through a series of hearings. Only the Board of Education has the authority to expel students for serious and/or repeated offenses. A student on a suspended expulsion may not be allowed to participate in extracurricular/co-curricular activities. The activities include, but are not limited to, field trips, athletic events, theater events, proms, student dances, student government, graduation ceremonies, band events or similar activities.

**11. Transfer to an Alternative School Program**

A student may be directed to enroll in specialized District programs such as (1) opportunity class or school; or (2) a continuation class or school.

**12. Notice to Law Enforcement Authorities**

The District may notify the appropriate law enforcement authorities for various student violations of school rules and state law. For certain violations, the District is required by law to notify the appropriate law enforcement authorities.

**D. STUDENT SEARCHES**

School officials may conduct searches of pupils and their personal belongings while on school property or at school-sponsored events. By way of example, and not limitation, “personal belongings” includes: backpacks, purses, brief cases, bags, cell phones, electronic devices, video cams, student vehicles parked on district property, et cetera. Searches are also conducted of school property under joint control. “School property” under joint control includes lockers and desks.

Searches of pupils and personal belongings will be conducted when there are reasonable grounds to suspect that the search will provide evidence that the pupil is violating the law and/or school regulations. The scope of the search will be related to the objectives of the search, the age and sex of the pupil, and the nature of the violation. See District Policy 5144.1, 5145.12.

Lockers are school property under the joint control of the school and the pupil. There is no expectation of privacy. The District may search lockers, or any other school property under joint control, at any time. Searches may be random and without cause of any kind.

Automobiles parked on the school premises or in the school parking lot are subject to search when officials have reason to believe weapons, drugs, or objects prohibited by school policy or state law are contained therein. See District Policy 5144.1, 5145.12.

Canines may be used to search a student's personal belongings and vehicles and school property under joint control. Canine searches may be conducted randomly throughout the school year.

## **E. MEDICATIONS**

The District recognizes that certain pupils may require medication (prescription or non-prescription) during the school day in order to attend school without jeopardizing their health. When such medication is required, designated school personnel must assist the pupil in administering the requisite medication. This also applies to the administration of tests or procedures for medical reasons. (Example, diabetes testing for blood sugar level.)

A pupil who brings medication (prescription or non-prescription) on school grounds and either: 1) gives or sells the medication to other pupils; or 2) self-administers a medication without the District's assistance, may be subject to discipline. [Education Code §§49422,49423, 48900.]

## **III. ADDITIONAL CONSIDERATIONS**

### **A. MORE THAN ONE CONSEQUENCE**

Depending on the nature of the offense, the site administrator will determine whether the consequences should include more than one form of discipline. Typical consequences which are combined by a site administrator include home suspension, in-school suspension, Saturday school, intervention group, detention, community service or counseling.

#### **4. Make-Up Work**

Per BP/AR 6154 Suspended students are expected to complete work, quizzes and tests missed during their absence. It is the individual responsibility of any suspended student to remain informed of class assignments and due dates. Credit shall be earned for work submitted within a reasonable period of time. Each school site will possess a homework plan with specific guidelines that will define “a reasonable period of time”.

#### **D. PAYMENT FOR DAMAGES**

If a student’s misconduct results in damage or injury to school property, or the personal property of any District employee, the student’s parent/guardian is liable for all damages caused by the student.

If the student’s parent/guardian is unable to pay for the damages, the District may provide a program of voluntary work for the minor in lieu of payment of monetary damages. The parent/guardian is responsible for the amount of a reward paid for information leading to the apprehension of the person causing the damage. [Education Codes § 48904 and 48905.]

#### **E. CONFISCATED PROPERTY**

Any confiscated material (e.g., radios, electronic devices, skateboards, or tobacco) will be returned to the parents and not the student. The District is not responsible for loss of or damage to confiscated materials.

Guns, knives, controlled substances, drug paraphernalia and electronic devices (containing evidence of a crime) will be turned over to the appropriate law enforcement authorities.

#### **F. PROPERTY TURNED IN BY THE STUDENT**

If a student finds that he/she has inadvertently brought a dangerous object to school, and he/she immediately turns the object over to a teacher, administrator or other school staff member, the consequences shall be waived.

## IV.
