Please rise and join me in honoring our flag. Ready, begin:

I Pledge Allegiance to the Flag....

PLEASE REMAIN STANDING TO ACKNOWLEDGE THOSE THAT SUFFERED AND DIED ON SEPTEMBER 11TH, 2001

On September 11th, 2001, terrorists used airplanes to destroy the twin towers of the World Trade Center in New York City, and the Pentagon just outside Washington DC. Another plane on its way to the San Francisco Bay Area, was taken down by the courageous passengers over Pennsylvania.

There are few events in history that truly changed the world forever. You may be learning about a few of those impactful people and/or events in your social studies classes! But the events of September 11th, 2001, marks a tremendous change in rmodern, world history, as well as the very way we live our daily lives, and the way we see the world. You may not know or have an idea about what happened that day - but someone in your life does, and they were likely deeply affected by the events of that day. In honor of the lives lost and in the subsequent wars that followed, ask someone you know about what they experienced that day and how their lives changed. Participate in the memories by learning the stories of the people you love - stories that can be handed down for generations as they are in your history books. Remember, love conquers hate. Thank you!

You may sit down.
