

# Parent Faculty Club (PFC)

PFC Mission is to support high academic standards and a positive learning environment at our school through educational and social programs, parent outreach, and community involvement.

PFC Vision is to make every child's potential a reality by helping to provide a strong educational and learning environment for students; maintaining a strong membership and good relationships with teachers and each other through effective communication, planning, documentation, and training; having visibility and a voice in the community and maintaining a healthy bank account through planning and the financial/strategic flexibility to adjust to outside factors.

It is the equivalent of the PTA you may remember from your own school days.

The PFC provides funding for a number of programs designed to help our children learn outside of their normal curriculum while bringing the community together.
