

# Parent Information Night

## Middle School Math

District Leaders, Teachers and Administrators from Fallon, Wells and DHS invite you to learn more about how DUSD is implementing Common Core Math and preparing your student to be College and Career Ready! This presentation is geared toward parents of middle schoolers. Topics to be presented include Common Core Math shifts, the progression of math courses in grades 6-12 and the middle school math process and timeline. The same presentation will be repeated at each middle school, feel free to attend whichever date is most convenient for you.
