Dashin' Dolphins

The weather will be changing soon, so please take a quick look at Ms. Pettit's teacher page on the Dougherty website each morning before you come. If it rains or it's too wet, or if she won't be on campus, Dashin' Dolphins will be cancelled.

It's great seeing all the excited students out there!

Art in Action

We are very excited to have the Art in Action program again this year and look forward to the students creating more beautiful artwork!

Every K-5 student will have their first lesson of the year starting this month:

Kindergarteners will paint the Sunflowers of Van Gogh

1st grade will be inspired by Grant Wood's 'American Gothic' to create a realistic portrait using oil pastels

2nd grade explores the color wheel and the work of Vermeer

3rd grade 'travels to China' to design a watercolor landscape

4th grade gets 'real' with lines, shadows, and the work of Winslow Homer

5th grade will 'stylize,' sketch, and paint a figure from Colonial times

The Art in Action Program provides a high quality, comprehensive visual art curriculum. Students learn about works of art from cultures around the world, incorporate art vocabulary and concepts, and how to express themselves by creating their own unique masterpieces. The multifaceted lessons develop student’s critical-thinking skills, creativity, visual literacy, self-esteem, and an appreciation of other cultures. The program is sponsored by the Dougherty PFC thanks to the generous support of Dougherty families.

Thank you to all of the wonderful parents who volunteered to be docents for their classrooms!
THANK YOU!!!!

Thank you to Sharon Wong for chairing our Walk and Roll along with our wonderful volunteers. With everyone's support, Dougherty is now a Five Time County Champion for Walk and Roll!
