

Alameda County Immunization Clinics

Includes Vaccinations for Children and Adults, Tuberculosis Skin Tests, Seasonal Influenza, and More

For other Immunization Services: Hepatitis Prevention and Travel Shots go to page 7

Updated 7/18/2019

- If you have health insurance, (such as Medi-Cal, Alameda Alliance, Kaiser, Blue Shield, Blue Cross, United Health Care, etc.), the very best place to go for all vaccinations is your doctor's office, often their offices have same day appointments.
- For health insurance questions or to select a doctor, call the Family Health Line 888-604-4636, Monday – Friday 8:30am-5pm or visit: http://www.acphd.org/media/106362/resourceguide_pocket_2018.pdf
- Vaccines are also available at many local and chain pharmacies – call in advance to ensure what you need is in stock and to determine age requirements. These are often covered by most medical insurances.

The below options are available for the following Alameda County residents:

Low Income Children (birth to 18 years old) who:

- Are uninsured or their insurance does not cover immunizations
- Are American Indian/Alaskan native
- Are eligible for or enrolled in CHDP/Medi-Cal

Low Income Adults (19 years and older) who:

- Are uninsured or their insurance does not cover immunizations

Please direct any questions about this list to 510-267-3230

Although we try to maintain a current list, this information is subject to change, and you should always call in advance to verify availability.

Always bring your immunization record

Other Immunization Services – Alameda County

Travel Vaccinations

Vaccination recommendations for travel vary depending on your particular medical history and to where you are traveling. A medical professional trained specifically in travel vaccinations can tell you what is needed for your particular case. For this reason, it is important to visit a clinic that specifically focuses on travel vaccinations.

For information about what vaccines *may* be recommended, visit <http://wwwnc.cdc.gov/travel/destinations/list/>

<p>Many vaccinations recommended for international travel may not be available at your doctor's office, or the immunization clinics listed above.</p> <p>For Kaiser members, Kaiser does have a travel vaccination clinic.</p> <p>For affiliates of UC Berkeley, contact the International Travel Clinic at (510) 643-7177.</p> <p>Travel vaccines are also available at the following sites:</p>	<p>Adult Immunization and Travel Clinic 101 Grove St., Room 102 San Francisco</p>	<p>(415) 554-2625 www.sfcdep.org/aitc.html</p>
	<p>Washington Township Medical Foundation Several Cities</p>	<p>(510) 248-1000 www.mywtmf.com</p>
	<p>Passport Health Bay Area 39293 Liberty Street, Ste. D4 Fremont AND 8105 Edgewater Drive, Ste. 200 Oakland</p>	<p>(877) 358-8648 (510) 564-4251 www.passporthealthusa.com</p>
	<p>Contra Costa Public Health Travel Clinic – Vista Oaks Occupation Health Clinic 10 Douglas Drive, Suite 110 Martinez, CA</p>	<p>Friday mornings Appointment only (No Drop-Ins) 925-313-6488 http://cchealth.org/immunization/travel.php</p>

Yellow Fever Vaccine Shortage: Because of a total depletion of VF-Vax, the manufacturer (Sanofi Pasteur) has worked with CDC and the US FDA to make an alternative yellow fever vaccine, Stamaril, available at select locations until YF-Vax supply returns. For more information on where you can find clinics with remaining yellow fever vaccine doses and locations that can administer it, please visit the [yellow fever vaccination clinic search page](#).

For information about government sponsored affordable health care, please visit www.coveredca.com or call (800) 300-1506
